

### Pulses Domestic Fundamentals:

Government has decided to import additional 5000 MT of tur through MMTC in coming days to curb rising prices. Already, MMTC has tendered to import of 5,000 tonnes of tur and urad dal each which will land in the country by September 5. The imported dals will be supplied to state governments at subsidized rates for further distribution to retail consumers.

According to IBIS (provisional data), import of pulses in the last week (24 Aug-30 Aug) was around 103 Thousand tonnes at major ports in India, around 66% higher than previous week's (17 Aug-23 Aug), import of 62 Thousand tonnes. Chana, Kidney Bean, Masoor, Urad, Moong and Green Pea were imported lower this week whereas; Tur, Yellow Pea and Cow Pea were imported higher as compared to last week.

With favorable weather condition and increased MSP Tur farmers started early sowing and area was expected to increase considerably (7 to 10 percent) in the beginning. But with the span of time deficit rainfall started affecting the normal hope for higher production now. As per the latest Ministry of Agriculture report, all India Tur sowing area stood at 34.30 Lakh Ha which is around 2% higher than last year which was 33.58 Lakh Ha at the same period.

Area under Kharif pulses throughout the country stood 105.52 lakh hectares as on 28 August this year, around 12% higher when compared to the area sown during corresponding period last year which was 94.18 lakh hectares, according to Ministry of Agriculture.

Area under Kharif pulses in Andhra Pradesh stood 1.77 Lakh Hectares as on 26 August this year, around 35% higher as compared to the area sown during corresponding period last year which was 1.31 Lakh hectares. The area of Green gram has shown the highest increase of 228% as compared to last year.

Government had imported 5000 tonnes of Tur Dal at Rs 77/kg which is scheduled to be arrived on the ports between 1-15 September. Viewing higher prices in the domestic market government had decided to offer Rs 10 kg subsidy on imported Tur dal and will be distributed among states at Rs 67 per kg.

With rising pulses prices and political pressure state government has started taking action to curb pulses prices. In a latest move Odisha government has made it mandatory for shops to display the quantity of pulses available in the shop under Essential Commodities Act and conducting raids to check black marketing. Traders of the state have had a meeting with government officials and suggested some measures like removing VAT on Pulses to contain increasing prices immediately.
