

Pulses Domestic Fundamentals:

- Area under Kharif pulses throughout the country stood 110.08 lakh hectares as on 11 September this year, around 11% higher when compared to the area sown during corresponding period last year which was 99.14 lakh hectares, according to Ministry of Agriculture.
- State Trading Corporation of India is inviting pulses millers and traders for enrollment with them to import pulses on their behalf. After fulfilling the pre-qualification criteria, millers /traders can enroll with STC and can ask them to import (minimum 50 metric tonnes) of any pulses giving their specification. For further details go to <http://www.tenders.gov.in/details.asp?tempid=1&tid=del767315&work=1&cno=1>
- As per the latest NCDEX circulation, the following changes have been made in the Chana Contract Open Interest of Members and Client:
The revised numerical open position limits area as follow:

Commodity	Symbol	Unit	*Member		**Client		Applicable From
			Overall	Near Month	Overall	Near Month	
Chana	CHARJDDDEL	2MT	150000	75000	15000	7500	Sept 21,2015
	CHANA2MT						

Note 1: *A member's open interest limit at overall (all contracts) level will be either the absolute number indicated above or 20% of the total market wide open position in the commodity, whichever is higher. In case of Near month limit, a member's open interest limits will be either the absolute number indicated above or 20% of the total Near month market wide open position in the commodity, whichever is higher.

Note 2: **A client's open interest limit at overall (all contracts) level will be either the absolute number indicated above or 5% of the total market wide open position in the commodity, whichever is higher. In case of Near month limit, a client's open interest limits will be either the absolute number indicated above or 5% of the total Near month market wide open position in the commodity, whichever is higher.

- According to IBIS (provisional data), import of pulses in the last week (31 Aug-06 Sept) was around 58 Thousand tonnes at major ports in India, around 44% lower than previous week's (24 Aug-30 Aug), import of 103 Thousand tonnes. Yellow pea, Urad and Green Pea were imported lower this week whereas; Chana, Green Pea, Kidney Bean, Tur and Moong were imported higher as compared to last week.
- Concern over the rising prices of pulses, government of Chhattisgarh has imposed stock limit to retailers and wholesalers. They can have maximum of 100 tonnes of pulses at a time. This decision will help the prices of pulses to stay low as supply will increase in the market and market players will not able to hold large amount of stock.

Pulses area coverage in Gujarat as on 07.09.2015

Pulses Area as on 07-09-2015 (in Ha)				
Pulses	Normal Area(3 yrs avg)	Area in 2014-15	2015-16	% over Normal
