- Arrival of Tur in Vidharba region of Madhya Pradesh is good and it may continue till February. As there is no demand in the market, prices may not shoot up in near future. We can expect some firmness from March onwards when arrival pressure eases.
- According to the local trader of Kanpur region of Uttar Pradesh, there is no demand of Tur that will keep pressure on the prices in near future. At present Tur price is being traded at Rs 7800-7850 per quintal and arrival has been reported 10-20 bags per day.
- Masoor crop in Patna region of Bihar is in very good condition and farmers are expecting greater yield than last year. According to the local traders, Masoor sowing area is higher by around 20% this year as compare to last year. New crop is expected to hit the market in mid March.
- According to the local trader of Ganj Basoda region of Madhya Pradesh, chana crop is in good condition and if the weather becomes cool there would be no loss in yield otherwise there can be 10-15 loss in yield. Recent cold wave is considered beneficial to the standing crop. However, temperature in February would be crucial for better yield realization.
- As pulses supply is in deficit side, the government is importing the same from the other nation and around 15,000 tons of pulses have been procured so far during the current season, said Food Minister Ram Vilas Paswan.
