- Heavy rains witnessed over Castor growing regions of Gujarat during last week. This may lead to increase in acreage under Groundnut, Grains and Cotton. Moreover, sudden fall in prices after making high of Rs 950 per 20 kg also sent wrong message among the farmers. Farmers opined their intention to keep acreage at last year level against anticipation of increase in acreage during June 1st week. There are reports that acreage under Groundnut is expected to increase by almost 100% in Surendra Nagar and Banaskantha districts which will limit the acreage gain in Castor to great extent.
