

Today's Update:

- NAFED has procured a total 2,20,842 MT Rabi Chana as on 27th March, 2023 under the PSS scheme. Out of total, it has procured 26,475 MT in Karnataka, 57,083 MT in Gujarat, 1,06,473 MT in Maharashtra and 30,811 MT in Andhra Pradesh as on 25th March. UP will start buying from 1st April, 2023 and would buy around 2.12 LT Chana and 1.49 LT Masur while Rajasthan would start online registration from 25th March.

Previous Update:

- Overall market trend remained flat in Chana and prices traded in the range of INR 100-200 per quintal during the week under review. However, sentiments are expected to remain firm in coming days on reports of crop loss owing to abnormal weather condition mainly in Rajasthan where around 70% crop is yet to be harvested. As per sources, bad weather has impacted the standing crop to the tune of 5-7% so far including all major producing states Gujarat, Rajasthan, MP and UP while there are chances for more rains by end-March. So, if it rains heavily in coming days too, damage % may vary accordingly. Trend in Chana is expected to remain bullish in near future owing to ongoing procurement drive, crop loss assessment coupled with likely slower release of stocks by traders, stockists and millers.

International Market Update:

- As per the Australian Bureau of Agricultural and Resource Economics and Sciences (ABARES) forecast, Lentil production in Australia in 2022-23 may increase by 41% to 14.12 LT from 9.99 LT in 2021-22 due to expected increase in sowing area which estimated to increase to 6,46,000 ha. from 5,75,000 ha in 2021-22 season.
