

Today's Update:

- MP and Rajasthan origin Chana traded at same price band of INR 5100 per quintal, up by INR 75 and up by INR 50 respectively in Delhi due to decrease in arrivals which remained 10 motors. As per traders, prices are unlikely to fall much from the current levels as new demand is likely to revive again in coming month for upcoming festival season. However, sentiments are likely to remain in a range owing to hefty stock with NAFED which is planning to convert around 20% chana into Dal. If this happens to be true, it will eat up the regular demand from the market.

Previous Update:

- As per IMD, conditions are favourable for further advancement of SW-monsoon and by end of June to early July, the key states are likely to receive some rainfall activity. Besides, Rajasthan and Gujarat, rainfall activities have remained unsatisfactory so far and rain deficiency has been noticed in major Pulses grown states including MP, MH, UP, Karnataka, Telangana and Chhattisgarh amidst delayed monsoon progress. Sowing process is lagging behind amid delay in SWM which is likely to pick up pace after June end rainfall. However, sowing window is contracting amidst scarcity of rainfall.

International Market Update:

- As per the Australia Bureau of Statistics, Chickpeas export from Australia remained at 84,879 MT in February 2023, down by 20% from 106183 MT in January 2023. However, total export surged by 5% to 310,627 during the Marketing Year from 295, 835 MT. Bangladesh emerged the largest importer who purchased 56,957 MT followed by Pakistan (10,506 MT) and UAE (6583 MT).
