

Today's Update:

- As per trade sources, total 10,100 MT Pulses imported at Chennai port during 1st to 7th July 2023 as against 57,500 MT Pulses imports last month. Out of the total quantity imported during the period includes 1,750 MT Tur, 2,625 MT Urad, 5,100 MT Lentil, 125 MT Black Eye Beans, 500 MT Ethiopia White Peas.
- According to the recent release by Department of Agriculture & Farmers Welfare, farmers have covered 56.67 lakh ha. area under Kharif pulses as on 14th July, 2023, down by 16.15% from 67.59 lakh ha. same time last year. Urad has been sown in 13.42 lakh ha., down by 15% from 15.8 lakh ha., Moong in 21.24 lakh ha., up by 5.85% from 20.06 lakh ha. and Tur in 14.11 lakh ha., down by 42.52% from 24.55 lakh ha. same time last year.
- Sowing coverage still is lagging behind in case of Tur and Urad mainly due to insufficient and uneven rainfall so far and need to be closely observed in coming days.

Previous Update:

- Due to insufficient and uneven distribution rainfall so far besides slow start has created fear among market participants regarding sowing coverage particularly for kharif Pulses as it has reduced in case of Tur and Urad while it is at par with in case of Moong. Tur Coverage is lagging behind in Karnataka owing to slow and unsatisfactory showers while it is lower in Maharashtra due to uneven distribution of rainfall. Meanwhile, Urad and Moong sowing window has reportedly almost over in want of sufficient rains in Karnataka while Urad coverage in major producing state MP has reduced as growers are reportedly shifted toward more profitable crops like Groundnut, Soybean and Maize as they had occurred huge losses in Urad due to continuous rain and quality issue. Maharashtra too witnessing lower coverage for major Kharif crops including Tur, Moong and Urad due to lower rainfall. If sowing area fails to cover in coming days too it would keep continue to buoy the sentiments. So, Monsoon would remain important in coming days too.

International Market Update:

- Pulses export specially Lentil and Peas are expected to be hampered from Canada due to closure of its West Coast port owing to workers' strike. However, much impact is not likely at present as export pace during the month of July and August remains slow which normally surges in September. At that time, bulk export figure jumps up to 20-23% in case of all peas while it increases up to 15-17% in case of Lentil.
