

**Today's Update:**

- MP and Rajasthan origin Chana (both the varieties) traded flat at INR 5250 per quintal in major bench mark market Delhi due to NAFED selling of Chana Dal at INR 60 per Kg from its store which is likely to have bearing on sentiments despite the seasonal demand. As per traders, Govt.'s this move will eat up the actual demand from the market. Sentiments are expected to trade sideways in coming days. Market observed arrivals of 6 motors.

**Previous Update:**

- Chana traded sideways in various markets despite the increase in seasonal demand as NAFED has started selling of Chana Dal at INR 60 per Kg from its store which is likely to negatively impact the sentiments as Govt.'s this move eat up the actual demand from the market yard. MP origin Chana traded flat at INR 5250 per quintal in Delhi while Rajasthan origin eased down by INR 50 and traded at INR 5250 per quintal. Sentiments are expected to remain sideways in coming days.

**International Market Update:**

- Pulses export specially Lentil and Peas are expected to be hampered from Canada due to closure of its West Coast port owing to workers' strike. However, much impact is not likely at present as export pace during the month of July and August remains slow which normally surges in September. At that time, bulk export figure jumps up to 20-23% in case of all peas while it increases up to 15-17% in case of Lentil.
