

Highlights of The Week

Raw coffee prices is placed steady to uptrend in Karnataka market during this week ending on 9th February 2015 on rising demand. Arabica harvesting is completed now. However, farmers are not keen to sell their crops and demanding for hefty premium for both Arabica and Robusta grades over New York and London futures due to global coffee supply deficit in 2014/15. Total 221972 kgs was on offer including 121288 kgs of Arabica coffee and 100684 kgs of Robusta coffee where 58000 kgs was sold at the auction which held on the 5th February 2015.

As per the Coffee Exporters Association of India, India may export total 270,000 tonnes in 2014/15 in marketing year lower by 10% against previous year exports on account of lower Arabica output. India has exported total 75,179 tonnes of coffee since the start of the latest season on October 1,2014 with a significant fall of 13% against the record of previous year. Total exports of India in 2013/14 is recorded at 303,290 tonnes. In the view of Rajesh Rajah, the president of the Coffee Exporters Association of India, coffee export may fall by 10 to 12% to 90,000 tonnes this season 2014/15 due to lower Arabica output which is damaged by the stem borer pest and dry weather.

Total Indian coffee crops estimates for 2014/15 is placed higher against 2012-13&2013-14 coffee output. Post Monsoon crops estimates for 2014-15 stood up by 8.70% to 331,000 MT followed by total Robusta estimates at 231,400 MT with an increase of approx. 13% and Arabica estimates at 99,600 MT with a decline of 3% compared to last year output as per recently released data by the Coffee Board of India.

According to Reuters Poll of 13 traders and analyst, Vietnam is likely to produce 27.2 million bags in 2014/15 which is slightly lower from its previous poll in July 2014. Further, they expects ICE Robusta to increase to \$ 2115 a tonne and ICE Arabica future at \$ 1.98 cents a lb at the end of 2015 due to unsupportive weather condition in Brazil and in expectation of a stronger Brazilian real currency against the U.S. dollar. The poll set the forecast of Brazilian coffee crops for 2015/16 at 46.5 million bags.

As per ICO, Brazil 's export in Jan-2015 amounted at 2724800 -60 kg bags lower by 11% against Dec. month however 7% higher from last year during the same period of time. Below table shows Brazil's coffee details in 2014:-

International Market Updates:**Weekly Futures Review -**

ICE Arabica coffee future prices of March contract surged in this week in fear of global deficit of coffee crops. ICE Arabica coffee future prices increased by 3.05% to 166.85 US cents/lb as on 6th Feb. 2015 compared to 161.90 US cents/lb of last week prices. In long run future prices are likely to increase by this year with a global deficit in 2014/15. As per Exchange data, Robusta Coffee speculators cut their net long position by 582 lots to 13674 lots in ICE London as of Feb 03,2015. While speculators cut net long position by 3446 contracts to 10185 in week to Feb 03,2015.

Brazil:- As per Reuters Weather Dashboard, coffee areas in the center-south received 50% to 60% of average rainfall in December and January. Brazil receives 1.25 inches (3.2 cm) of rain and likely to get around half inches to 2.5 inches in 85% of the coffee area in next five days.

Vietnam:- According to the Vietnam Economic Times newspaper, Vietnam is likely to replace coffee trees growing as an alternative crop Macadamia. Farmers may produce macadamia crop in part of the 100,000 hectares (247,100) acres as it has a longer production life and higher prices than coffee.

Vietnam's farmers have sold 30-35% of their 2014/15 harvest which below from last year as farmers are not interested to release their crops as quickly at the current level of 40,000 dong (\$1.88) per kg during this week.

As per Traders, Vietnam is likely to export 85,000 to 100,000 tonnes (1.42 million to 1.67 million bags) of coffee this month down from 120,000 tonnes in Dec month due to long holiday and widespread domestic hoarding. In December month exports fell by 14.4% from last year exports during the same month. Vietnam will close all markets from Feb.14- to 23 due to festival Tet or the Lunar New Year festival. Vietnam has exported total 1.68 million tonnes of coffee with an increase of 29% from 2013.

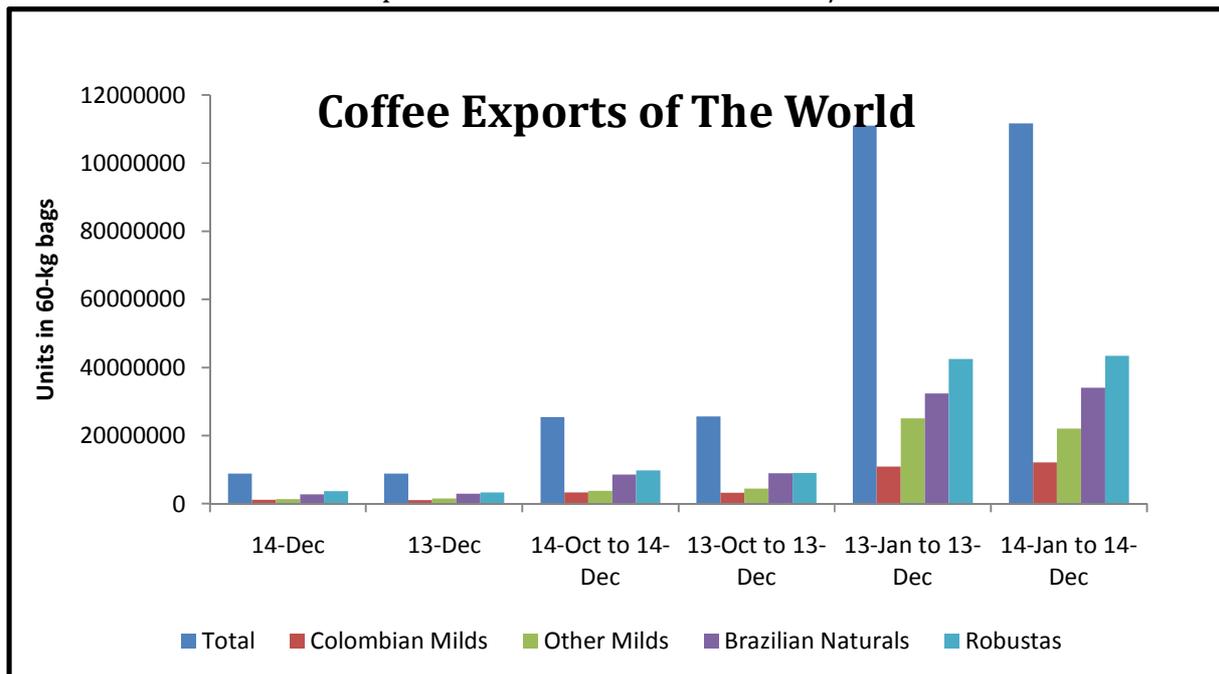

Others :-

- As per Tanzania Coffee Board, the average coffee prices of Tanzanian Arabica coffee declined at auction which held on Feb 12,2015 due to fall in demand. The average price for top grade Arabica coffee was \$184.54 per bag which is down from \$192.01 in last week. Total 17,287 bags were offered at the latest sale compared with 12,127 bags at the previous auction.
- As per the country's national coffee Institute ICAFE, Costa Rica coffee exports went down by 8.5% in January 2015 and exported total 207,990 bags in the first four months of the 2014/15 with a decline of 13.3% from last year record. On the other hand, the Central American country has exported 93,144 60 kg-bags in January against 101,802 bags during the same month last year.
- As per the National Cocoa and Coffee Board, Coffee production of Cameroon stood up at 32,808 tonnes in the 2013/14 from 16,665 tonnes the last year. Cameroon is one of the few African producers of Robusta and Arabica beans but some are smuggled to neighbouring Nigeria where farmers receive a higher price.

Exports Details of The World

World coffee volume is pegged at 8.85 million bags in December 2015 slightly higher by 0.21% from 8.83 million bags of previous year record in the same month. Total exports of the World stood also higher by 0.58% to 111.72 million bags during Jan-2014 to Dec-2014 against 111.08 million bags in Jan-2013 to Dec-2013 followed by Arabica exports at 68.26 million bags compared to 68.53 million bags and Robusta exports at 43.47 million bags compared to 42.55 million bags.

Below chart shows coffee exports details of the world in 2014/15:-
