News: Cotton crop gets affected due to Pink Bollworm in Bathinda. The Cotton farmers and the officials of State Agriculture Department are worried as the infestation of pink bollworm was reported from 6 villages in Bathinda. The agriculture Department is on its toes as it is for the second consecutive year that the pest attack has been reported in the southern Punjab.

The Ambala Railway Division of Northern Railway in collaboration with MGH Group has loaded a special parcel train for Beanpole in Bangladesh with cotton yarn at Ambala Cantonment railway station. The parcel train consists of 20 parcel vans each was loaded with 430 cartons weighing 23 tonnes. Earlier merchants in and around Punjab and Haryana were transporting these commodities by road to Bangladesh in small quantities but due to lockdown and the transportation turning costly they are now transporting it through railways. The cost per tonne comes out to be Rs. 5,491 which is very cheap as compared to road transport.

Cotton Association of India has urged the government to withdraw the import duty on cotton. Cotton Association of India has reiterated its request to withdraw import duty on cotton. As per CAI if the import duty is not removed the domestic prices will go up further and create more hardship to the domestic textile sector. Currently, the 10 percent import duty levied on cotton is not in the interest of the nation as it does more harm than good and also the interest of the domestic textile sector would be served better if 10% import duty on cotton is withdrawn immediately.

Cotton sowing in Rajasthan is behind 2 lakh hectares than the same period last year. Cotton was sown in 5.28 lakh hectares of area for the coming kharif season 2021-22 as against the 5.8 lakh hectares last year. Textile Minister calls for study on cotton yarn prices. Due to sudden spike in the cotton yarn prices, the Union Textile Minister Smriti Zubin Irani called a third party study of higher cotton yarn prices which affects the prospects across the value chain of Indian textiles.

Cotton growing regions may face severe climate risk. According to the global study, Climate change could expose half of all global cotton growing regions, including India, to high risk from temperature increases, change in rainfall pattern, and extreme weather events. Under a worst-case climate scenario, all global cotton-growing regions will be exposed to increased risk from at least one climate hazard by 2040.

Shanker -6 Cotton price may rise in coming months. Cotton price of Shanker-6 is currently the highest in the decade. It is expected to rise further in the coming months to reach Rs. 52,027 per candy by the end of 2021 from Rs. 49,012 per candy in June 2021. This can be attributed to increasing purchase by domestic cotton mills and demand from overseas market.

Indian government has urged to take action against illegal HTBT Cotton cultivation. The National Seed Association of India and the Federation of seed Industry in India has urged the government to act against a sudden surge in illegal cultivation of herbicide tolerant HTBT Cotton in the country. If the sale of unapproved HTBT seed is not stopped it would spell disaster for the industry and farmers.
