The CCEA has approved incurring expenditure for reimbursing losses under MSP operation for cotton during the cotton season 2014-15 to 2020-21. This price support operation will help in stabilizing the cotton prices and will also protect cotton farmers from distress sales during any adverse price situation. During the last 2 season CCI has procured around 1/3rd of the cotton production in the country i.e. about 200 lakh bales and disbursed more than Rs. 55,000 crore directly in the bank account of around 40 lakh farmers.*

According to the Punjab Mandi Board the cotton prices are 77 percent higher than the minimum support price (MSP) of Rs. 5,925 for the 2021-22 season. With the increasing demand for Indian yarn in the global market, cotton prices are likely to further increase. About 2,080 quintals of cotton has been procured by private buyers till 01st November 2021 in Muktsar. In the previous 2020-21 season, Punjab has procured about 50 lakh quintals of cotton. CITI has also urged for a cotton price stabilization fund scheme comprising 5 percent interest subvention or loan at NABARD rate of interest, reduction in money margin from 25 percent to 10 percent and increase in the cotton working capital limit from 3 to 9 months.
