

### Domestic Fundamentals:

#### **Market Outlook:**

The cotton physical market showed overall mixed trend across India today. MCX cotton spot price traded at Rs.30,460/bale on Saturday. ICE cotton futures closed green on Friday.

**News:** According to Gujcot trade Association, Gujarat has registered arrivals of around 25 lakh bales about 27% of the total estimated crop. This is Gujarat arrivals are lower by around 8 percent because the cotton prices are lower in the domestic market as a result farmers are holding stock. All India arrivals are also lower as compared to the previous season by around 15%.

All India Kisan Khet Mazdoor Saghatan has urged the Karnataka government to establish cotton procurement centers in Yadgir district as the cotton prices in the domestic market had fallen drastically.

Telangana farmers have decided to protest the lower prices of cotton. The cotton prices in Telangana have come down to Rs. 6,800 per quintal last week. However, prices are still higher than the minimum support price but comparatively lower from the previous season. About 50 million acres of land is used for cotton cultivation in the state. Farmers were encouraged to grow cotton in 2022, as prices reached record highs in the previous season. Even as heavy rains and floods destroyed crops in many parts of the state, farmers went ahead and planted fiber crops.

Raw Cotton prices continue to fall in the domestic market in Adilabad district despite efforts made by Cotton Corporation of India to Stabilize the prices. CCI is procuring top quality cotton at Rs. 8,300 per quintal. With the fluctuation in prices, cotton farmers are holding stock and as result, daily arrivals are lower. As per Cotton Association of India, Cotton arrivals between 01<sup>st</sup> October to 31<sup>st</sup> December 2022 were nearly 82 lakh bales against the 130 lakh bales for the same period last year. However, during the past 2 days prices have recovered, Cotton Shanker-6 prices are currently trading at Rs. 60,000 per candy against Rs. 56,000 per candy last week.

### Weather Forecast

Dense to very dense fog very likely in isolated pockets over Punjab, Haryana, Chandigarh, Delhi and Uttar Pradesh. Dense fog at isolated places over Uttarakhand, north Rajasthan, Bihar, Sub-Himalayan West Bengal, Sikkim, Assam & Meghalaya, and Tripura.

Cotton production in Pakistan has fallen to over 4.6 million bales during 2022 against the 7.3 million bales during the previous season. The heavy rainfall and floods has resulted in the short fall in production of about 37.23 percent.

Australia government can allocate tariff rate quotas (TRQs) to its exporters/producers by giving them TRQ certificates up to the quota fixed for each commodity. Out of the 51,419 MT quota allowed by the Indian government, 419 MT ELS cotton (HS code 52010020) at zero import duty is for the calendar 2022 year. The remaining 51,000 MT will be quota for next year i.e., calendar year 2023.

Indian traders have mixed reactions on allowing duty-free import of cotton amid limited supply and higher prices during the cotton arrival season. Few traders expected easing in cotton prices in domestic market, but others argued that there is little room for easing in cotton prices due to limited quota and matching prices in the Australian market.

### Cotton Yarn

North India's cotton yarn market witnessed limited trade yesterday. Prices were slightly lower than last week, but there was an improvement in cotton yarn exports. Mills can increase production if they do not face a disparity due to the costly natural fibre. Prices of recycled yarn in Panipat remained steady amid thin trade.

As per the Trade sources spinning mills received export orders from Bangladesh, Turkey, Egypt and Latin America. In Delhi, 30 count combed cotton yarn was traded at Rs. 260-265 per kg for exports. Export deals were carried out at around \$3.05 per kg (FOB). 30 count combed yarn was traded at Rs.280-285 per kg (GST extra),

40 count combed at Rs.305-310 per kg, 30 count carded at Rs. 255-260 per kg and 40 count carded at Rs.280-285 per kg,

Domestic demand is unlikely to improve, but high export demand can provide the much-needed support to cotton yarn.
