

Domestic Fundamentals:

- Mixed sentiments recorded in key guar spot markets on Monday as markets could not find adequate cues to decide the prices either side.
- In a guar conference held in Bikaner, Traders are expecting 15 lac tons of guar seed production with an opening stock of 8 lac tons for 2015-16 marketing year
- Fresh buying of guar seed reported from various millers for the first time in many days due to good demand of Churi and Korma. Millers are processing guar seed for making churi and korma and left apart Guar gum as demand of guar gum is not good at present. Millers are finding huge disparity for guar seed for making guar gum at present as reported. This is the only reason why guar seed prices are moving higher more compared to guar gum. Today only guar gum prices for October contract settled at Rs 8200 up by Rs 40 and Guar seed prices settled at Rs 3836 per quintal which is Rs 40 up compared to last day on NCDEX platform.
- NCDEX issued a circular in which Guar gum and seed deposited in NCDEX approved warehouses at Adampur and Barmer centers has been removed applicable for contracts expiring in the months of February 2016 and thereafter.
- Farmers in Ganganagar are expecting 1.5-2 quintal bags per bigha due to no rainfall since one month and recent rainfall which damage the quality of the standing crop.

Outlook: Guar price likely to move up in the coming days due to delay in arrivals.
