

Domestic Fundamentals:

- Guar prices declined today in key markets due to increase in arrivals.
- Prices declined in key markets due to profit booking by punters at higher levels. However, lower arrivals in markets and mills are opening in Rajasthan will increase the demand of guar seed in the coming weeks.
- Recent decline in prices of guar seed is just a recovery and likely to move up in the next week due to good demand of Churi and Korma and Guar seed.
- Guar seed crop damaged much higher than estimated previously due to weak rainfall and white pest attack which ultimately reduced yield of guar seed.
- Weekly arrivals of guar seed declined sharply in key markets like Bikaner, Adampur which curb any decline in guar seed prices despite of low demand.

Outlook: Guar price likely to move up in the coming days due to delay in arrivals.
