

Domestic Fundamentals:

- Guar seed and gum prices decreased today in most of the markets due to lower arrivals and good demand from local industries.
- Out of total 80 installed guar mills, only 25 mills running currently in Haryana as reported. Lack of guar seed arrivals due to lower crop and lower prices restrict farmers to bring their crop in volumes in the markets.
- India has exported 14818 tons of Guar Products (Gum, Splits & Meal) in the month of October 2015 which is lower export figures compared to last year by 56%. Out of the total guar exports, 8232 tons of Guar gum, 2660 tons of Splits and 3926 tons of Guar meals exported in October 2015. Last year India exported 33867 tons of Guar products at the same period.
- Only 1 out of 5 mills of guar gum reportedly started their operations in Alwar region at present. Sluggish demand of gum from overseas spread bearish sentiments among millers.

Outlook: Guar price likely to move in a range in the coming days due to delay in arrivals and weak demand.
