

Domestic Fundamentals:

- Mostly weak sentiments reported among major spot markets on Wednesday amid higher arrivals.
- Export demand for guar gum is low in international market as slick water is being used in USA. India's export of guar gum is 12.22 percent lower during Oct'17-Sep'18 compared to Oct'16-Sep'17. Slick water is slightly expensive compared to guar gum. Importers prefer slick water over guar gum as its price fluctuations are low. Low demand and fresh arrivals are likely to keep price steady to weak.
- As per data released by Baker Hughes the number of oil rigs in USA has decreased to 1067 as on 19th October 2018 up by 4 compared to 12th October 2018 and by 154 compared to 20th October 2017. The total number of oilrigs was recorded at 2258 worldwide in September'18 compared to 2081 in the same month last year. Slick water is expensive compared to guar gum. However, U.S. is still importing slick water due to fear of unexpected surge in price of guar gum. Therefore, exports are being slightly affected.
- As per trade sources, export of guar gum has decreased in the month of September by 24.72 percent compared to previous month. India exported around 18406 tonnes of guar gum in the month of September at an average FoB of \$ 1765.31 per tonne compared to 23771 tonnes in August at an average FoB of \$ 1772.92 per tonne. Exports are expected to remain low in October-18 as well.
- As per trade sources, export of guar split has decreased in the month of September. Exports in the month of September are down by around 28.62% compared to previous month. India exported around 4299 tonnes of guar split in the month of September at an average FoB of \$ 1446.82 per tonne. Of the total quantity, around 2660 tonnes and 1280 tonnes have been exported to China and Unites States respectively.
- The wholesale price index of guar seed has decreased from 98.6 in August 2018 to 97.0 in September 2018. The WPI for September 2018 is up by 13.19 compared to last year for the same month and by 19.02 compared to September 2016. WPI is expected to stay weak in coming month.
- All India weekly average prices decreased by 0.36 percent to Rs. 3727.25 per quintal during the week ended 15th October 2018. Guar seed average price were ruling at Rs 3740.68 per quintal during 01-08 October 2018. As compared to prices in the week 09-15 October 2017, the prices are firm by 9.25 percent. Prices are expected to remain steady to firm in coming days.

Outlook: Prices are likely to move steady in coming days.
