

Domestic Fundamentals:

- Most of the cash market yards remained closed for COVID lockdown restrictions, Wednesday. India's March guar gum export figure once again remained positive as we witnessed in February. Overall, the overseas guar gum demand may improve mainly on rise in the number of oil rigs counts as per recent report. Complete lock down at various states may curb any major trading activities as a result we can see flat guar seed and gum prices ahead of less supplies.
- However, there is considerably a good sign of gradual increase in oil rigs with surge in crude oil demand in recent months, this could increase in the overseas guar gum demand.
- Need based buying in guar is featured in the market.
- At NCDEX, in the most active May contract, guar seed and guar gum witnessed gain on buying interest, Wednesday.
- As per data released by Baker Hughes, the number of oilrigs in USA increased by 8 to 448 as on 7th May 2021 compared to 440 previous week, 30th April 2021. Further, they are up by 19.78% from 374 oilrigs in the corresponding period in last year.
- India's guar gum exports improved in the month of March 2021 by over +12% to 20,127 tonnes compared to 17,915 tonnes during February 2021 at an average FoB of US \$ 1659 per tonne in the month of March compared to US \$ 1993 per tonne in the month of February 2021. **Further, the gum shipments were up +46% in March 2021 compared to the same period last year.** Of the total exported quantity, around 6,235 tonnes is bought US, Germany (3,075 tonnes) and China (2,688 tonnes).
- India's guar split exports rose in the month of March 2021 by +12.5% to 3,334 tonnes compared to 2,964 tonnes during February 2021 at an average FoB of US \$ 1,025 per tonne in the month of February compared to US \$ 1,013 per tonne in the month of February 2021. **However, the guar split shipments were up +8% in March 2021 compared to the same period last year.** Of the total exported quantity, around 2,521 tonnes is bought China, US (680 tonnes) and Netherlands and Switzerland (60 tonnes each).
