

**Executive Summary:**

- As per media news, Telangana state government will procure entire Rabi season crop of maize at MSP of Rs. 1760 per quintal. It will be procured by the government directly from farmers through village procurement centers over a period of 45 days. Procurement by state government could give support to maize prices.
- Across India, maize is likely to trade steady to weak in near term too on sluggish demand from poultry feed industry in the wake of coronavirus and bird flu. Besides, large size of Rabi crop is also weighing on market sentiments. However, no major trade activity would happen till 14th April'20 as markets are closed due to lockdown in India to fight the spread of Covid-19; huge arrivals of new crop are expected after that which could also weigh on market sentiments.
