

**14<sup>th</sup> April, 2020****Executive Summary:**

- In Davangere, maize traded firm by Rs. 100 per quintal to Rs. 1550 per quintal (Bilty Price) compared to previous day and is being delivered to Bengaluru and Nammakal at Rs. 1700 and Rs. 1800 per quintal respectively.
- Across India, maize is likely to trade steady to weak in near term on sluggish demand from poultry feed industry in the wake of coronavirus and bird flu. Besides, large size of Rabi crop is also weighing on market sentiments. However, no major trade activity would happen till 14th April'20 as markets are closed due to lockdown in India to fight the spread of Covid-19; huge arrivals of new crop are expected after that which could also weigh on market sentiments.

- Corn ending stock estimates for U.S increased by 5.08 MMT to 53.15 MMT for 2019/20 due to decrease in consumption estimates while for Ukraine, it increased its corn ending stock estimates by 0.04 MMT to 0.70 MMT compared to previous month estimates due to increase in production estimates for 2019/20.
