### Executive Summary:

- In Bihar, maize traded steady at Rs. 1200 per quintal (Bilty Price) compared to previous day. Despite the demand of Rajasthan, U.P and Haryana feed makers; it could trade steady to slightly weak amid arrival pressure. Any further fall is a good buying opportunity for stockists and importers.

### International Market Commentary:

- Corn on CBOT fall by 0.30 USD/MT to 122.34 USD/MT for May'20 contract compared to previous day. Rapid U.S planting progress likely to put pressure on CBOT corn prices. Besides, price direction also depends on the demand for U.S corn.
- In U.S, corn plantings as on 3 May 2020 stand at 51%, up 30 percentage points from same time last year and up 12 percentage points from 5 year average. Rapid U.S planting progress likely to put pressure on CBOT corn prices.
