Expectation of good monsoon amid increase in MSP by Rs. 90 per quintal at Rs. 1850 per quintal for the Kharif season 2020-21 and reward offering by Haryana government from water guzzling paddy crops to maize; are all good motivating factors for farmers to grow more maize for this Kharif season. However, in Telangana, maize area likely to shift towards more remunerative and high yield crops like pulses. In Telangana, maize has been sown in 3156 acres as of 10th Jun'20. In SPSR Nellore, Chittoor, Anantapuram, and West Godavari districts of A.P, and also in some districts of Karnataka, maize sowing has just started.
