- Agriwatch expects that Maize would trade steady to range bound despite continuous demand from the export markets. However, if bird flu spread in India, could dampen the demand of feed and impact the maize prices.
- Tamil Nadu feed makers demand has been lower due to start of local crop arrivals. However, some fresh export enquiry is being reported from Haveri and Koppal districts of Karnataka.

**International Market Commentary:**

- Corn on CBOT fell by 1.57 USD/MT to 205.50 USD/MT for March'21 contract compared to previous day. Agriwatch expects that increase in export demand for U.S. Maize and decrease in Global Maize Ending Stock, would continue to support CBOT Maize.

**Outlook and Recommendation:** Maize cash market is likely to trade steady to range bound in the near term.
