

### **Pulses Domestic Fundamentals:**

#### **Today's Update:**

- Market prices are likely to trade weak in coming week on increasing arrivals from Canada and Australia at lower prices. As per sources, Canadian quotes for January onward deals have been reduced to \$580 per MT (FOB) from \$610 per MT in the wake of Australian shipments. This may further pull down the Masur prices as Australia traders would also try to grab Indian demand by reducing their quotations as Masur production in Canada is expected to remain bumper at 29.4 LMT and in Australia at 9.24 lakh tonne during the year 2022-23. So, they may try to sell as much as quantity to reduce the surplus. On the other hand, Lentil sowing coverage is expected to increase by 10 to 15% this year as the farmers continue to get remunerative prices throughout the season.

#### **Previous Update:**

- As per the recent official data by Ministry of Commerce and Industry, India has imported 74,457 MT of Lentils' during the month of September 2022 as compared to 116,489 MT in August 2022, down by 36%. However, a quantity of 63,597 MT was imported during September 2021.
- India has exported 5,283 MT Lentil during September 2022 as compared to 5,591 MT during August 2022, slightly up by 5.5%. However, a quantity of 534 MT was exported during September 2021.

### **International Market Update:**

- According to data from the Australia Bureau of Statistics, Lentils exports increased from 62,309 metric tonnes (MT) the previous month to a total of 67,800 MT during September. This increased exports throughout the marketing year, upto date to 893,990, up 9% from the previous year. With 20,155 MT, Bangladesh was the month's biggest consumer. United Arab Emirates ranked third with 13,488 MT, followed by India in second place with 16,367 MT.
- According to most recent numbers from Statistics Canada, the current marketing year maintained a stronger tone in exporting Red Lentils. 210,785 metric tonnes (MT) in total were exported during September, an increase of 268% over the 57,214 MT exported during the previous month (August). The overall amount of export sales, upto date is 267,999 MT, up from 247,499 in the prior marketing year. It exported 43,325 MT of Red Lentils to India.
