

**Soy Meal Fundamentals**: Soy meal (Indore) market witnessed easy tone and was quoted at Rs.28,000/MT compared to Rs.30,000/MT on previous day.

Soy meal ready for delivery in PP bags at Dhule was quoted at 31000+GST by MOEPI. This is with 46.5% protein content. However, it was quoted at 32200+GST at Latur by ADM for February delivery.

Weather is expected to be dry in Argentina till Thursday. Rains are expected during the weekend, thereby adding to weak tone of the market. This coupled with weakness in soybean at CBOT and palm oil at BMD will weigh on the market in coming days.

In southern Brazil, lack of sun in the soybean growing regions is likely to affect the yield. In Parana, which produced 18 MMT of soybean previous year, heavy rains and overcast skies have set in since the beginning of the year. According to researchers, lack of favourable climate is likely to reduce yields by around 17% to 26% this season.

Cash basis offers for U.S. soy meal eased at the Gulf terminal in forward bookings amid lack of export demand.

Soy DOC Rates at Different Centers

| Comtros                    | Ex-factory rates (Rs/ton) |          |  |
