

Soy Meal Fundamentals: Soy meal (Indore) market noticed sideways tone and was quoted at Rs.30,000/MT compared to previous day.

Kharif acreage under soybean this season is likely to increase by 15 per cent in the domestic market according to industry sources following increase in import duty to the highest level by the government. Prices have increase and are ruling above the MSP in the market. Higher soybean production will translate into higher soy meal production. This is likely to increase soy meal exports in the coming season.
