

Indian oil meal prices at physical market gained day ahead of Independence Day celebrations.

- With the international bean and meal plunging the Indian meal is expected to find its way towards 22000 per ton. Such scenario will help GN meal to go down towards 18000 per tons and also Sun meal towards 1700 to 18000.
- DORB seems to have already placed the top and expected to weaken towards 6500 per ton.
- Mustard meal too will find it difficult to gain towards 15000 per ton. As the international soymeal falls the exports demand if rape meal is expected fall. Indian rape meal should be offered at least \$100 to 120 per tons to witness aggressive demand from the countries.
