

Cash soymeal moved up in the physical market today. CBOT soymeal fell today on technical selling.

- Indian soymeal premium has gained towards \$89 per ton over Argentinean meal with Indian meal bullishness producing the premium rather than Argentinean meal bearishness. Such premiums is going to result very limited bookings of Indian soymeal for forward as well as spot market. Other than Iran the exports is expected to fall from March months onwards as Indian soymeal exports against forward booking is over.
