

Soybean prices featured mixed trend were seen in the markets on weak sentiments. However, Soymeal prices may go up in expectation of rise in exports demand. CBOT Soymeal prices are weak due to sellers interests.

- Indian soymeal premium quoted higher side by \$25 per ton over Argentinean meal with Indian meal bullishness producing the premium rather than Argentinean meal bearishness. Such premiums is going to result very limited bookings of Indian soymeal for forward as well as spot market. Other than Iran the exports is expected to fall from March months onwards as Indian soymeal exports against forward booking is over.
