

Soy Meal Fundamentals: Firm sentiments witnessed in the soymeal prices mainly on strong overseas soymeal demand will remain will limit any sharp fall in the same.

Improved overseas demand in soymeal in last couple of months and firm global market remained supportive for the meal to some extent in recent while. Overall slack in poultry consumption due to COVID pandemic has hit the local soymeal demand. We expect the poultry demand to gradually improve in coming days.

The Argentine soymeal prices have got dearer in last couple of months due to lean season, this has narrowed down the price spread of India vs Argentina, opening more exports window for India.
