

Soy Meal Fundamentals: Soymeal extended gains in the domestic soymeal market on strong buyig support and strong overseas demand. Good demand from the locasl feed manufacturers and improved export sales will continue to support soymeal prices at the higher levels.

Improved overseas demand in soymeal in last couple of months and firm global market remained supportive for the meal to some extent in recent while. We expect the poultry demand to further recover in coming days.

The Argentine soymeal prices have got dearer in last couple of months due to lean season, this has narrowed down the price spread of India vs Argentina, opening more exports window for India.
