

Soy Meal Fundamentals: Steady to weak tone are witnessed in the domestic soymeal today. The March oilmeal exports figures including soymeal remained quite strong, pointing out to be bullish scenario in coming days. This will boost up prices in near-term. Firmness in soy products will also lead prices higher side.

Improved overseas demand in soymeal in last couple of months and firm global market remained supportive for the meal to some extent in recent while. We expect the poultry demand to further recover in coming days.
