AGRIWATCH

## **Oilseeds Domestic Fundamentals:**

Soybean (plant delivery, Indore) prices witnessed gains on good buying support after arrivals improved Saturday. Further, overnight gain in CBOT soybean remained supportive too. Besides, RM seed prices at, Jaipur witnessed gains. Mustard seed buying across the key cash markets by the millers and the stockists at the current price levels is reportedly good. Soybean arrivals in Madhya Pradesh improved to 45,000 bags compared to 6000 bags on previous day. The all India arrivals of Mustard seed slightly declined to 5.05 lakh bags compared to 5.15 lakh bags previous day. The RM seed arrivals in the Rajasthan mandis remained steady at 3.1 lakh bags compared previous day.

## International Oilseeds Fundamentals:

There is a fresh concern over farmers strike in Argentina at crushing plants (unless the issue resolves) and strike of port workers from 1 May 2014.

# **Outlook:**

Soybean (plant delivery) prices are expected to feature range-bound movement with firm bias on improved buying and bullish underlying current. The Indore (Plant Delivery) prices are expected to gain and witness 4520-4630 levels in the near term.
