

## Oilseeds Domestic Fundamentals:

Soybean (plant delivery, Indore) featured mild gains on buying support while RM seed, benchmark Jaipur edged-lower Monday. Weakness in Malaysian palm oil continued to pressure the domestic RM seed. The Malaysian palm oil ended lower Monday on weak export sales. Soybean arrivals in Madhya Pradesh slightly fell to 1.25 lakh bags compared to 1.5 lakh bags on Saturday. All India arrivals of RM seed remained flat at 1.15 lakh bags compared to Saturday's level. Besides, the seed arrivals of Rajasthan too remained steady at 65,000 bags compared to Saturday's level.

## International Oilseeds Fundamentals:

The soybean production estimate of US, Brazil and Argentina in the December World Agriculture Supply and Demand report by USDA is kept intact compared the estimates in November. The US soybean production estimates are at 107.73 Mln T, Brazil's 94 Mln T and Argentina's 55 Mln T, the figures are same as Nov. However, we feel the USDA will reduce the production of Brazil and Argentina followed by dry weather initially during the initial crop development.

## Outlook:

Soybean (plant delivery) prices are expected to stay range bound. However, gain will be limited on bearish global supply scenario. The Indore (Plant Delivery) prices are expected to be within the range of 3300 – 3375 levels in the near term.
