

Oilseeds Domestic Fundamentals: Soybean and rapeseed-mustard extended gains on improved off-take by the oilseeds' processors. The rapeseed-mustard harvesting is underway in key growing regions of Uttar Pradesh and Rajasthan and the arrivals gradually increasing. The All India rapeseed-mustard arrivals fell to 7.0 lakh bags vs 9.75 lakh bags previous day.

The Buenos Aires Grains Exchange said that it could slash its harvest forecast for Argentina's 2020/21 soybean crop, currently 46 million tonnes, if it does not rain sufficiently in key producing regions over the weeks ahead.

US soybean registered their second-largest monthly crush on record in January 2021, according to data released by the National Oilseed Processors Association (NOPA). NOPA members have crushed 184.654 million bushels of soybeans in January 2021, up from 183.159 million bushels in December and 176.940 million bushels in January 2020. It was the biggest-ever January crush and the second largest crush in volume for any month, behind only October 2020.

International Oilseeds Fundamentals: In the March'21 report, the USDA has kept US 2020/21 soybean estimates unchanged at 112.5 million tonnes compared to previous month. It has raised the Brazil's soybean production to 134 million tonnes from 133.0 million tonnes last month. Besides, India production estimates is increased to 10.7 million tonnes from 10.5 million tonnes while Argentina's soybean estimate is lowered to 47.5 million tonnes from 48.0 million tonnes previous month. The global 2020/21 soybean production estimate too increased to 361.8 million tonnes vs 361.0 million tonnes in the previous month report by USDA. World soymeal production is estimated slightly up at 254.1 million tonnes vs 252.9 million tonnes for 2020/21.

Outlook: Soybean (plant delivery, Indore) prices are likely to feature range-bound movement with firm bias on better soymeal export sales and strong international soy complex. The Indore (Plant Delivery) prices are expected to be in the range of 5,600 – 5,800 levels in the near-term.
