- Despite request from poultry industry, Government of India has no current plans to allow imports of GM soymeal beyond the past deadline of 31 Oct 2021. Traders managed to import 6.5 lakh tonnes GM soymeal against 12 lakh tonnes permitted by the government within the stipulated period.
- As per Agriwatch estimates, total availability of soymeal in the country for MY 2021-22 is likely to be 88.80 lakh tonnes. This year 5-6 lakh tonnes of soymeal have been already imported. However, Poultry Breeders' Association, has demanded from GOI for extension of import deadline from 31st Jan to 31st March so as to import the balance quantity from the 12-lakh tone quota.
- As per sources, farmers are willing to hold more soy produce in anticipation of higher prices in future as a result sale to soy processors remained low, October crush total was 37% below last years, according to SOPA and is expected to remain below normal in November. However, declining imports of edible oil may rebound crushing demand of soybean.
