

## Onion Fundamentals:

- In Lasalgaon, prices have increased in last few days because of rains which has interrupted supply of onion and led to decline in arrivals.
- Minimum Export Price (MEP) on onion has removed because of sharp reduction in onion prices and to boost onion export.
- Across the country, prices of onion have increased in almost all the producing regions because of lower interest shown by farmers in harvesting onion crop due to lower prices which supported the prices as supply was slightly tight.
- According to sources, approximately 550 containers are being exported to Middle East and srilanka on a weekly basis from Mumbai port.
