

### Onion Fundamentals:

- Weak sentiment witnessed in Onion domestic market on Thursday.
- All India, rabi onion storage is expected to be less this year compared to previous year because shelf life of onion have declined this year to higher content of water in onion crop which was due to unseasonal rains and hailstorms.
- In benchmark market of Lasalgaon, prices are hovering in the range of Rs 800- Rs 1490/ quintal from last 4-5 days and expected to increase further.
- In Indore (M.P), prices are hovering in the range of Rs 500 to Rs 1200/ quintal. Prices are expected to rise ahead because of crop loss in M.P which is approximately 10-15%.
- Storage in Maharashtra will be clear by end of May month as farmers were not ready to store much at this time due to higher water content and upper layer of onion bulb being damaged.
