

Onion Fundamentals:

- In Delhi, maximum onion is arriving in market from Rajasthan, M.P and smaller quantity from Maharashtra and Gujarat.
- In A.P, Kurnool alone contributes approximately 75% of the total sown area. So far 20790 ha of area is sown compared to 20648 ha of area in corresponding period of 2015.
- In Maharashtra, kharif area is estimated to be 8%-10% lower than last year because of current prevailing lower prices of onion which led farmers to sow lesser crop.
- Rainfall is comparatively higher than previous year during same time in major kharif producing districts which justifies higher kharif area in major producing districts.

Onion wholesale Prices & Arrivals in Producing & Consumption Centers
