

### Onion Fundamentals:

- In Kharif season, Karnataka, A.P and Maharashtra are a major producing district which contributes approximately 80% of total kharif Area. In Karnataka and A.P, so far Kharif sowing area is higher than last year and expected to be higher this year because of favorable weather conditions.
- In Maharashtra, kharif area is estimated to be lower than last year because of current prevailing lower prices of onion which led farmers to sow lesser crop.
- In Maharashtra, kharif onion crop has mainly declined in Ahmednagar, Aurangabad, Osmanabad and Beed.
- In M.P, total Rabi storage was estimated to be 16.51 lakh tons compared to 12.40 lakh tons in corresponding period of 2015.

### Onion wholesale Prices & Arrivals in Producing & Consumption Centers
