

Potato Fundamentals:

- Farmers were not releasing their stocks at lower prices level.
- Sources revealed that, few parts of Farrukhabad district have been affected by Blight disease.
- In Agra (U.P) mandal, potato crop harvesting is expected to be less by 15-20% ahead though the area is similar to last year. The reason is farmer's harvested premature crop when West Bengal Government seized the borders in addition to fetch higher prices.
- In Delhi, modal prices of potatoes are hovering in the range of Rs 500-Rs 600/ quintal due to higher arrivals from producing regions.
