

Potato Fundamentals:

- In West Bengal, so far approximately 53% of potatoes have been released. Prices are expected to remain firm throughout the season.
- Trader's indefinite strikes in West Bengal against fixed wholesale prices of Rs 1200/ quintal by State Government may increase prices in U.P and Bihar.
- In Bangalore, 95% of total arrivals are from 'Hassan' region and rest 5% is coming from U.P
- According to trade sources, approximately 35-40% of crop loss is expected in "Hasan" due to continuous rains at later stage.
- In Bihar, pace of release is higher than last year because of higher price. Approximately 50% of total stored potato has been released by August end.
