

## Potato Fundamentals:

- In M.P, Processing variety like Chipsona 1 and Chipsona 2 is expected to arrive in market from mid January whereas “Atlanta” variety is already arriving in market.
- According to trade sources in West Bengal, potato area is expected to be 10-15% higher than last year due to better price realization in 2014.
- Cold Storage Association of West Bengal has stated that cold storages are well equipped to handle surplus production this year.
- In Karnataka, targeted area for rabi season is 9855 hectares. As on 12-1-2014 approximately 6822 hectares of area is sown compared to last year 5544 hectares during same time.
- Across the country potato prices have fallen in almost all the markets and expected to fall down further or remain range bounded for coming months due to increase in arrivals of fresh crop.
