

## Potato Fundamentals:

- In Bangalore, potato is arriving in market from local region (Kolar) and M.P which are contributing approximately 60% and 40% respectively to total arrival.
- According to trade sources in West Bengal traders are expecting that loading in cold storages in full pace after 1<sup>st</sup> march though smaller quantity has started arriving in cold storages.
- In Bihar, potato area is estimated to be approximately 10-12% higher than last year. Cold storages are opened but loading is expected to start only after Holi festival.
- All India production is expected to be 10-15% higher in this season compared to previous year. Cold storages are expected to use 100% utilization. This situation may lead low prices throughout the season.

### Potato Wholesale Prices & Arrivals trend in Consumption Centers
