

Potato Fundamentals:

- In Delhi, modal prices are trading near Rs 438/ quintal compared to corresponding year Rs 628/ quintal during same period.
- In West Bengal, hybrid variety (Phukraj)/ “kachha Aloo” is arriving in market and yield is lower this year of this crop because of unfavorable weather conditions. Loading in cold storages is expected to start from 25th February.
- In U.P, traders are expecting lower production this year because of lower rains and unfavorable weather conditions during time of sowing which has affected yield. Loading in cold storages is also expected to be less compared to corresponding year.
- All India rabi production is expected to be 10-15% lesser than corresponding year because of lower yield this year in major producing regions.
