

Potato Fundamentals:

- In U.P, loading in cold storages loading is almost completed with approx 85-90% capacity utilization as farmers/traders stored their crop in higher expectation of prices amid lower production.
- In West Bengal, traders are expecting approximately 78% of loading in cold storages from a total capacity of 62.5 Lakh tons.
- According to trade sources in Punjab, cold storages are loaded by approximately 90% of total capacity utilization. This year loading prices were comparatively higher than last year.
- In Bihar so far approximately 90% of cold storages are filled from a total capacity of 11.2 lakh tons. Last year total storage was approximately 10.5 lakh tons.
- In Delhi, prices have surged up and trading in the range of Rs 700-Rs 900/ quintal due to lower arrival in market.

Potato Wholesale Prices & Arrivals trend in Consumption Centers
