

Pulses Domestic Fundamentals:**Today's Update:**

- Heavy rains over MP recently in the key Pulses growing areas like Shivpuri, Ashoknagar, Vidisha and Lalitpur in UP is likely to adversely affect the standing Urad and Moong crop which are into flowering to podding stage. As per estimate, in the mentioned area Urad is sown at around 16 to 17 lakh ha. Similarly, Eastern Rajasthan has witnessed intense rainfall activity and districts like Kota, Bundi, Baran, Jhalawar etc. are badly affected due to such intense rains and flooding, consequently the pulses crop like Urad and Moong are likely to get affected in terms of both acreage and yield losses. Already, the acreage under these crops (Urad and Moong) are lagging while southern states have already witnessed losses earlier due to continuous excess rains, so, current weather condition over central and NW India would further increase the losses in turn lead to lower crop output.

Previous Update

- Masur cash market traded slightly bearish on weak fundamentals. Expected robust production (25 lakh tonne) in Canada this year amidst good harvest pace is keeping the sentiments down as quotes have decreased by \$15 to \$755 from \$770 per MT. There are expectations that quotes may fall further by \$30-35 in coming days as stockists are releasing their previous stocks in the market. Moreover, Lentil production in Australia too is likely to remain good between 7.25 to 7.88 lakh tonne during year 2022-23 clearly indicating that Lentil availability in global market would remain surplus by 9 to 10 lakh tonne. Mill quality Masur prices traded at INR 6675 per quintal, down by INR 25 per quintal while it traded down by INR 250 in Neemuch market at INR 6000 per quintal.

International Market Update:

- As per the latest report issued by Australian Bureau of Statistics (ABS), the country exported 25,892 tonne Chickpea during June which is lower by 16% from May export. Pakistan emerged as the major importer with buying 10,349 tonne followed by Nepal (3,323 tonne) and Bangladesh (2,420 tonne). Export volume has improved from Canada after last year's drought which had badly impacted its volume.
- As per the latest report issued by Australian Bureau of Statistics (ABS), the country exported 74,856 tonne Lentil during the June which is lower by 18% from May export. United Arab Emirates purchased major quantity (27,500 tonne) followed by Pakistan (9,571 tonne).
