

Today's Update:

- Chana traded again up by 1-3%, on an average in all the major bench mark markets including Bikaner, Indore and Delhi due to increased seasonal demand amidst improved buying interest by traders, stockists and millers. Chana traded at INR 5000 per quintal, up by 3% in Bikaner and at INR 5200 per quintal, up by 0.48% in Delhi. Prices remained up by 1.92% at INR 5300 per quintal in Indore.

Previous Update:

- Due to insufficient and uneven distribution rainfall so far besides slow start has created fear among market participants regarding sowing coverage particularly for kharif Pulses as it has reduced in case of Tur and Urad while it is at par with in case of Moong. Tur Coverage is lagging behind in Karnataka owing to slow and unsatisfactory showers while it is lower in Maharashtra due to uneven distribution of rainfall. Meanwhile, Urad and Moong sowing window has reportedly almost over in want of sufficient rains in Karnataka while Urad coverage in major producing state MP has reduced as growers are reportedly shifted toward more profitable crops like Groundnut, Soybean and Maize as they had occurred huge losses in Urad due to continuous rain and quality issue. Maharashtra too witnessing lower coverage for major Kharif crops including Tur, Moong and Urad due to lower rainfall. If sowing area fails to cover in coming days too it would keep continue to buoy the sentiments. So, Monsoon would remain important in coming days too.

International Market Update:

- Pulses export specially Lentil and Peas are expected to be hampered from Canada due to closure of its West Coast port owing to workers' strike. However, much impact is not likely at present as export pace during the month of July and August remains slow which normally surges in September. At that time, bulk export figure jumps up to 20-23% in case of all peas while it increases up to 15-17% in case of Lentil.
