Domestic:

Government had shown interest to buy 22629 tonnes of pulses from NAFED and import huge amount of pulses from producing countries, to control prices in domestic retail market. Government has decided to float tenders to import chana from Australia, yellow peas from Canada and other pulses from Myanmar. These steps may increase International pulses market, as stocks in exporting countries are limited and new arrivals are expected to come August onwards.

According to farmer's intention in Jalana and Latur region of Maharashtra, urad and moong area may increase by 10% as compared to last year. Sowing has started in these regions and overall condition is good for pulses plantation.

As per latest update from market participants, some forward deals of Chana from Australia has been struck at Rs4550 this week to be shipped during October-November. Masoor and Yellow Peas deals too have been struck from Canada at Rs 5950-6000 and Rs 2550-2575 respectively for October-November shipment.
