

Domestic Market Highlights:

There is a gossip in the market that Iran would start buying aromatic rice from India July onward. Notably Iran has banned aromatic rice import from mid November last year to support local growers and lighten the burden of higher stock. Most likely Iran may resume import from Ramdan-Says A.K Gupta, adviser, APEDA. Iran has imported 9.35 lakh tonne basmati from India in 2014-15. Total basmati shipment was registered at 37.8 lakh tonne in 2014-15.

2.1million ha. last year. The main reason behind it is attributed maily to lower rainfall, better returns and Punjab govt.'s move to encourage farmers to grow more basmati due to declining ground water level. Common rice need more water.

All India Average rice price in the fourth week of May was moved down by 6.5% from previous week and currently hover in the range of Rs.2490-2500/quintal, however all mandis was not covered in this period.

In the third week of May, aromatic rice prices traded weak by 2-5% from last week due to sluggish buying interest from bulk buyers. Despite sellers interest to sale at prevailing prices buyers remain unmoved as they are well aware of weak sentiments.

As per recent updates from PIB, kharif rice sowing for MY-2015-16 commenced in major growing states and 1.80 lakh hectares has been covered till 20th May 2015 which is up by 0.30 lakh hectare from same period last year.

In the third week of May-2015, total rice export from India was registered at 2.63 lakh tonnes in which non-basmati export registered at approx 1.64 lakh tonnes whereas basmati rice contribution was only 98 thousand T, as per data received from IBIS.

The value of Saudi rice imports to the country from India grew by 58 percent, reaching \$1.19 billion (SR4.46 billion) by the end of 2014, compared to \$752.67 million (SR2.82 billion) in 2013, according to Indian Consul General Bawa Syed Mubarak.

Price Outlook:-Average Rice price in all India is likely to trade steady to firm with lean season in coming days.

International Market Highlight:

According to Reuters, Vietnam the one of the major rice exporter, has increased the floor price (minimum export price, MEP) of its lower quality (25% broken) rice exports by about 3% to around \$350 per ton from around \$340 per ton in advance of the Philippines tender which is on June 5, 2015. The new MEP will reportedly be effective from June 1, 2015.

As per Belarus Alesya Obodkova, the deputy director for logistics of the Belcoopsoyuz's Belcoopvneshtorg plans to rise up shipments of rice, fresh and dried fruits, nuts from Pakistan. Rice is a very popular product in Belarus. Belcoopsoyuz's Belcoopvneshtorg imports 300 tonnes of rice per month. They already took samples of rice in Pakistan and will test them for quality. For the time being country will sign an agreement of intent, statement given by Alesya Obodkova.

As per the latest report by IGC released on 28th May 2015, the Council's first projections for 2015/16, world rice output is seen increasing to a record of 482m t on larger outturns in key Asian producers. With food demand expected to boost total consumption to a peak of 489m t, aggregate end-season carryovers are set to contract by 7%, to a six-year low, including another steep drop in major exporters' inventories. Traded volumes in 2016 are anticipated to be only fractionally below the forecast for the current year as competitively priced supplies likely stimulate above-average shipments to Africa and Asia.

Unofficial preliminary rice exports (excluding premium white and fragrant rice) for April 20-26, 2015 totaled 77,242 metric tons, up 63,275 metric tons from the previous week and up 7,755 metric tons from the four-week moving average of 69,487 metric tons. Rice exports from January 1 – April 26, 2015, totaled 1,154,732 metric tons, down 2 percent from the same period last year.

As of April 28, Thailand had shipped 2.95 million tonnes of rice since the beginning of the year, up by just 2.46 per cent year on year. Meanwhile India's exports rised by 32.11 per cent to 2.87 million tonnes, and Pakistan are increased by 32.09 per cent to 1.73 million tonnes. Vietnam's rice exports were up by 2.71 per cent to 1.71 million tonnes.

Pakistan exported about 472,357 tonnes of rice (including basmati and non-basmati) in March 2015, up about 33% from about 355,747 tonnes exported in February 2015, according to provisional data from the Pakistan Bureau of Statistics (PBS). Pakistan rice millers have also urged the government to announce new rice export policy to help them avoid huge losses due to low rice prices.
