

Domestic Market Highlights:

Pakistan has lost Iranian rice market to India due to lack of proper transaction channels and relatively high prices, which have negatively affected exports. Earlier, Iran was importing about 0.6 million tons of rice from Pakistan, however India has taken over this market and as a result Pakistan rice exports declined.

Wholesale Prices for India as an average for third week of August traded weak by 2.29% from last week. Prices are currently hovering at Rs.2800-2810 /quintal and 5.48% up from price of Rs.2664/Quintal during corresponding period last year. Agriwatch expects non-basmati rice market to move range bound with some firm tone in coming week. Prices of 1121 steam in Delhi Market is Rs.5300-5350/quintal while 1121 sella rice is about 4250-4200/quintal. At JNPT port, price of Sona Masuri is hover in the range of Rs.3200-3300/quintal.

India's rice stocks in the central pool as on August 1, 2016 stood at around 24.17 million tons up by about 19% from around 20.31 million tons recorded during the corresponding period last year, according to data from the Food Corporation of India (FCI). India's rice stocks in the central pool are down about 17% from around 29 million tons recorded on July-01, 2016. The current rice stocks are about one million tons more than the required strategic reserve norms of around 1.25 million tons for this time of the year, according to the FCI.

The total sown area as on 12th August, 2016 as per reports received from States, stands at 954.18 lakh hectare as compared to 895.91 lakh hectares at this time last year. It is reported that rice has been sown/transplanted in 326.08 lakh hectares, which is up by 7% from last year area of 304.71 lakh hectares.

Kharif sowing in Haryana as on August 8 dropped 0.19 percent at 28.44 lakh hectares against acreage sown same period last year. Paddy area reached at 11.86 lakh hectares, against 12.71 lakh hectare in 2015.

Indian FOB for 1121 steam in the month of July moved up from last month and currently is in the range of USD 909-910/MT which is up by around 1.24% from last month price. Average basmati rice price increased due to increased buying interest for stockpiling which push the price in northward direction. Pakistani basmati price has also moved up from USD 825/MT to 907\$/MT, according to the UN's Food and Agriculture Organization (FAO). Currently Pakistani basmati FOB is hovering in the range of USD 907-908/MT which is up by 9.93% from last month FOB of USD 750/MT.

Procurement target for paddy in terms of rice for Kharif Crop during Kharif Marketing Season (KMS) 2016-17 has been finalized as 330 lakh tonnes against target of 300 lakh tonnes of last year i.e. KMS 2015-16. In KMS 2015-16 actual procurement of rice (Kharif crop) was 309.28 LMT. Highest target is set for Punjab(94.5 lakhtons) followed by Chhattisgarh(35.00) lakh Tons) and U.P(33.50 LT).

Price Outlook:-Average Rice price in all India is likely to trade steady with firm tone due to normal demand and tight supply.

International Market Highlight:

Global rice trade in 2017 was projected at 40.6 million tons, up just 0.1 million tons from the previous forecast, but almost 2% below a year earlier and the third consecutive year of decline. India's 2017 export forecast was raised while Vietnam's was lowered. Global trading prices declined over the past month, largely due to a lack of fresh demand. U.S. milled rice prices continue to fall as well.

Philippines, one of the world's top rice buyers, is planning to import an additional 750,000 tons of rice to secure the country's supplies of the grain staple through 2017. The immediate volume to be purchased will be the 250,000 tons that the government announced earlier, followed by another tranche of 250,000 tons.

Unofficial preliminary rice exports (excluding premium white and fragrant rice) for August 1-7, 2016 totaled 50,236 metric tons, down 43,377 metric tons from the previous week and down 9,713 metric tons from the four-week moving average of 59,948 metric tons. Rice exports from January 1 – August 7, 2016 totaled 2,109,912 metric tons, down 11 percent from the same period last year.

Vietnam's rice exports could fall 27% in 2016 from last year to 4.75 million tons, the lowest since 2008, lack of demand from key markets in Asia and Africa, along with Thailand's sales from state stockpiles would be major reason for the fall.

Bangladesh rice is forecast to fall to 34.51 million tons from an estimated 11.7 million hectares on reduced planting of its summer rice and increased winter rice production, summer rice production was estimated lower at 2.4 million tons due to decreased acreage against the initial expectation due to insufficient irrigation.

Post revises the estimate of MY 2015/16 Indonesian paddy harvested area to 12.0 million hectares from the previous estimate of 11.8 million hectares. Thus, it is estimated that MY 2015/16 Indonesian paddy production will increase to 36.2 MMT compared to the previous estimate of 35.6 MMT of milled rice equivalent. Considering higher production estimates, Post expects MY2015/16 Indonesian rice imports will decline to 1.8 MMT compared to the initial estimate of 2.0 MMT.
